What do four little girls discover when they spend an afternoon by the sea? Maggie, a shell; Milly, a star; Molly, a "horrible thing;" and May, a smooth round stone. This seemingly simple story by American poet Edward Estlin Cummings (1894-1962), showcasing his signature quirky style, is delightful as well as profound.

Maggie and Milly and Molly and May by E.E. Cummings

Relatively speaking though, "maggie and milly and molly and may" is a bit tame in terms of Cummings's rule-breaking. There are a ton of other Cummings poems that look like they're all over the map, with words to the right, to the left, and even some veering off from dead center. Physically, these poems can be hard to follow, and the takeaway meanings behind many of them can get a bit tricky to decode too.
