Long story short, century eggs are preserved eggs. They

# Read Free Take A Thousand Eggs Or More

are also referred to as thousand-year eggs or millennium eggs, but are not preserved for a millennium, one thousand years, or even a century. The process actually takes anywhere from a few weeks to a few months, and involves soaking eggs in a saline solution.

## **Steps (with Pictures) - Instructables**

When I was little, I thought that century eggs (also known as hundred-year or thousand-year eggs, pidan in Mandarin, and “What the hell is that?!”) were dinosaur eggs. Any 5-year-old could make the same assumption. There’s the name, for one thing, and the fact that the eggs are sold covered in clay and
