Huller - definition of huller by The Free Dictionary

A huller (or sometimes called a rice husker) is an agricultural machine used to automate the process of removing the chaff and the outer husks of rice grain. Throughout history, there have been numerous techniques to hull rice, but in modern times a huller, or rice huller is the most widely used method, particularly in Asia.

huller : definition of huller and synonyms of huller (English)

A rice huller or rice husker is an agricultural machine used to automate the process of removing the chaff (the outer husks) of grains of rice. Throughout history, there have been numerous techniques to hull rice. Traditionally, it would be pounded using some form of mortar and pestle. An early simple machine to do this is a rice pounder.

Rice huller - Wikipedia

That's where Tovolo's unique strawberry huller comes in. Not only does it remove the leaves, and stem of the strawberry but the entire core too. Think of it as a strawberry pitter. Using the Tovolo strawberry huller is easy as this: 1. Line up the tube - Place the tube of the Tovolo strawberry huller in the middle of the base of the strawberry. The tube should line up with the center of the stem at the top.

The Best Strawberry Huller for Easy Stem Removal - Moo Review

The last component of this year's grain experiment is equipment. Backyard gardeners often skip growing grains because of the complicated harvesting, threshing, winnowing, and dehulling procedures. But Home-grown Whole Grains introduced two pieces of DIY equipment that I'm putting on my honey-do list. The first is a pedal-power drum thresher --- I've stolen the picture from the book just this ...

DIY grain thresher and huller - Walden Effect

Hulls strawberries and other soft fruits and vegetables in seconds. A simple, safe, and effective alternative to strawberry coring or hulling with a knife. Insert the stainless steel claw, push gently, then twist out the strawberry stem for fillings and more. Bold colors and a fun design make this strawberry tool easy to find in a drawer.

To hull a strawberry, start by pushing a sturdy plastic straw through the bottom of the strawberry. Then, pull the straw all the way through so it comes out the top, and discard the hull. Alternatively, insert a small knife at a 45 degree angle into the top of the strawberry. Next, cut around in a circle, then remove and discard the hull.
