One of our personal project cars is the Audi TT 8j equipped with the 3.2 vr6 engine and a dq250 dsg gearbox. Since no one can be satisfied with just 250ps or 270ps on this excellent platform we decided to skip the engine modifications that are based on the stock Naturally aspired engine and go directly for a Forced induction build. Our target is a daily usable car with 600 to 650 hp and ...
